

13:00-13:20	Effective Immobilization Practices in Head and Neck Radiotherapy Mr. Samuel Appiah, MRT (T), B.Sc. (UHN-PMH, CANADA)
13:20-13:50	DISCUSSION
13:50-14:30	Debate: This house believes elderly patients should be treated in the same way as non-elderly Dr. Chris Terhaard (with) Dr. Kevin Harrington (against)
14:30-15:30	Lunch
<b>Session 6:</b>	<b>Quality of Life and Supportive Care During and After Treatment of HNC</b>
<b>Moderators:</b>	<b>Dr. Abraham Varghese, Dr. Sadiq Abo Zuluf</b>
15:30-15:50	What Do We Do With A Xerostomia? Carotid insufficiency? Dr. Chris Terhaard (Utrecht, Netherlands)
15:50-16:10	Physiotherapy in HNC Physiotherapist
16:10-16:30	Swallow disorders and Speech rehabilitation with HN cancer Dr. Andrea Dietz (Leipzig University, Germany)
16:30-16:50	Hyperfractionated radiotherapy with concomitant cetuximab versus concomitant platinum-based chemotherapy in advanced non-metastatic head and neck cancer: A KCCC experience (Dr. Ahmed Bedair (KCCC, KUWAIT)
16:50-17:10	DISCUSSION
19:30- 20:30	Public Awareness Lecture
<b>DAY 3</b> 09/11/2015	
<b>Session 7:</b>	<b>Palliative and Nursing Care in HNC</b>
<b>Moderators:</b>	<b>Dr. Amina AlAnsari, Dr. Najwa Sayed, Dr. Abdul Rahman AlKandari</b>
9:30-9:50	Management in metastatic HNC: local therapy and maintenance Dr. Lisa Licitra (Fond. IRCCS instituto Tumori Milano, ITALY)
9:50-10:10	Changes in Life style pattern for HNC patients Mrs. Jennifer Deering (UHN, Canada)
10:10-10:30	Influence of Nursing in HNC management Mr. Tofiq Morad, (KCCC, Kuwait)
10:30-10:50	Smoking cessation & Carbohydrate restrictions (Diet and fasting) Mrs. Sara Yousef (KCCC, Kuwait)
10:50-11:10	Best time to refer advanced cancer patient to Palliative care Dr. Samy Ayed (KSA)
11:10-11:30	Methadone as adjuvant pain treatment in HNC Dr. Samy Ayed (KSA)
11:30-12:00	DISCUSSION
12:00-12:30	Closing Ceremony

Recommended by

Under the Patronage of His Excellency The Minister of Health

**Dr. Ali S. Al-Obaidi**

## The 3rd International HEAD & NECK CANCER CONFERENCE Integrated Prospect

**7-9 November 2015  
Kuwait**

Salwa Al-Sabah Hall,  
Marina Hotel, Kuwait

**Dr. Khaled Al-Saleh**  
Chairperson of the conference:

Reg No.:  
28/58/Nov.15

Time	Lecture/ Speaker
<b>DAY 1</b>	
07/11/2015	ADVANCES IN HNC MANAGEMENT
<b>Session 1: Biology of Head and Neck Cancers: from Lab to Clinical Practice</b>	
<b>Moderators: Dr. Ahmed Al-Sarraf, Dr. J. Nemeec</b>	
09:30 - 09:50	Pathogenesis and Molecular changes in HNC and precancerous lesions Dr. Gareth Thomas. (Southampton University, UK)
09:50 -10:20	Recent Advances in Immunotherapy in HNC Dr. Robert Haddad. (Dana Farber Cancer Center, Harvard University, USA)
10:20 -10:40	HPV and EBV in HNC Dr. Gareth Thomas. (Southampton University, UK)
10:40 - 11:00	Prognostic impact of re-oxygenation and anemia in advanced cancer of the head and neck. Dr. Andrea Dietz (Leipzig University, Germany)
11:00 - 11:30	DISCUSSION
11:30 - 12:00	Coffee break
<b>Opening Ceremony</b>	
12:00 - 13:00	Keynote lecture: Epidemiology of Head & Neck cancer in Kuwait and GCC. Dr. Amany Al-Basmy. (KCCC, KUWAIT)
13:00 - 14:00	Opening ceremony banquet
<b>Session 2: New Trends in Radiation therapy in HNC</b>	
<b>Moderators: Dr. Fareeda AlKandari, Dr. Mariam Habib, Dr. Mustafa El-Sherify</b>	
14:00 -14:20	Dynamic imaging in HNC Dr. Ahmed Biltagy. (Sabah Hospital, KUWAIT)
14:20 -14:40	Role of PET/CT in radiation therapy in HNC Dr. Vincent Gregoire (Catholic University of Louvain, Belgium)
14:40-15:00	Image-Guided Radiotherapy: MRI-Linac and future Dr. Chris Terhaard (Utrecht, Netherlands)
15:00-15:20	Proton and Heavy Particle Therapy in HNC: Hype or Hope? Particle irradiation Expert (To be announced)
15:20 - 15:40	Coffee Break
<b>Session 3: Controversies in Thyroid Cancers</b>	
<b>Moderators: Dr. Ahmed Ragheb, Dr. Nabeel Al Brahim</b>	
15:40- 16:00	Molecular profiling and classification of Thyroid cancer: New frontier Dr Nabeel Al Brahim
16:00 -16:20	Current role of radioactive iodine in thyroid cancer Dr. Mustafa El-Sherify (KCCC, KUWAIT)

16:20-16:40	Targeted therapy in Thyroid Cancer Dr. Khaled Al-Saleh (KCCC, KUWAIT)
16:40 - 17:00	DISCUSSION
17:00 -17.15	PRAY / BREAK
17:15-18:00	Debate: This house believes cetuximab is a standard alternative concomitant agent with Radiotherapy in locally advanced HNC Vincent Gregoire (with) Kevin Harrington (against)
19:30- 21:30	GALA DINNER
<b>DAY 2</b>	
08/11/2015	PATIENT CENTERED CARE IN HNC
<b>Session 4: Optimization of Systemic Therapy in HNC</b>	
<b>Moderators: Dr. Salem Al-Shemmari, Dr. Hanan Ezzat, Dr. Ahmed Bedair</b>	
9:00-9:20	Systemic treatment for locally advanced HNC (Non-NPC) Dr. Robert Haddad (Dana Farber Cancer Center, Harvard University, USA)
9:20-9:40	Integration clinical prognostic factors in HNC staging system Dr. Chris Nutting (Royal Marsden Hospital, UK)
9:40-10:00	New Concepts in Induction and Adjuvant Chemotherapy in Nasopharyngeal carcinoma Dr. Robert Haddad. (Dana Farber Cancer Center, Harvard University, USA)
10:00-10:20	Targeted Therapy in HNC: Present and future Dr. Kevin Harrington (ICR, RMH, UK)
10:20-10:50	DISCUSSION
10:50-11:30	Debate: This house believes induction chemotherapy should be used in locally advanced HNC Dr. Lisa Licitra (with) Prof. Dr. Chris Nutting (against)
11:30-12:00	Coffee Break
<b>Session 5: Optimization of Local Therapy in HNC</b>	
<b>Moderators: Dr. Medhat Otaifa, Dr. Salah Fayaz, Dr. Hani Al Dewainy</b>	
12:00-12:20	Elective Nodal irradiation: the lesser, the better Dr. Vincent Gregoire (Catholic University of Louvain, Belgium)
12:20-12:40	Evolving Surgical techniques in HNC (transoral surgery – endoscopy) Dr. Andrea Dietz (Leipzig University, Germany)
12:40-13:00	Re-irradiation in HNC: Who, Why and How? Dr. Chris Nutting (Royal Marsden Hospital, UK)
